9th December 2013

Dear Martin,

Thank you for taking the time to show me the plans for the development at the Springhall Athletics track site in Halifax. In my view, this project has enormous scope to increase the opportunities and quality of experience for both students of Ravenscliffe High School and the local communities.

As you will be aware, British Cycling has an established partnership with Calderdale District Council where we are working to increase participation in cycling for all ages and abilities. The Springhall project would contribute significantly to this objective. The proposed community access, training rooms and cafe would make such a facility ideal for cyclists with disabilities to ride safely, and for a range of other potential community users needing a safe, traffic free venue to both ride and access training from.

Please accept this letter in full support of the project and if I can be of any help please do not hesitate to ask.

Yours sincerely

D Goodey
