Dear Martin,

### **Ravenscliffe @ Spring Hall**

*On behalf of the Rotary Club of Halifax, I am delighted to inform you that we wish to be a Cornerstone Funder for your Ravenscliffe @ Spring Hall Project, and we are very pleased to donate £1000 to you.*

*We are aware that you continue to be assessed by Ofsted as an outstanding school, and you must be very proud of that. However, we are not in the least surprised - we are very proud to have had a long association with the school and seen all the hard work that has gone into developing it to such a consistently high level. Your care, attention and support for the students, your constant drive to give them the best possible educational and social opportunities they can receive, is an inspiration to us all. Your ability to balance innovation with tradition, be it with personal values, school resources or educational approaches, is remarkable; and we recognise that the ambitious project on which you have now embarked, in partnership with Calderdale Council, is part of your continued development as a school – we wish you every success.*

*We are delighted to receive your excellent Newsletters – thank you; and please rest assured that the Rotary Club of Halifax will continue to support you where it can with your fundraising events. We will be in touch again in the near future.*

*I would be grateful if you would convey my personal best wishes, and those of the members of the Rotary Club of Halifax, to all your staff and students.*

Kind regards,
